

Hair Restoration

\$600

Using your own PRF, we are able to awaken dormant hair follicles. We use your own blood to generate the PRF which contains high concentrations of white blood cells, fibrin, and stem cells. This treatment is best when you notice early signs of hair loss.

Trigger Point Injections

\$80

Also known as Dry Needling, this procedure can be used for all patients and can help alleviate tension headaches, fibromyalgia, myofascial pain syndrome, and muscle tightness.

TREATMENTS

INJECTABLES

Botox / Dysport \$12.00/unit & up

These neurotoxins are two treatments that work to reverse the visible signs of aging by temporarily relaxing the facial muscles that cause wrinkles.

Filler \$750/syringe

Made of hyaluronic acid, and used to fill or enhance facial features.

Sculptra \$750/syringe

A biostimulator injectable that helps stimulate your own natural collagen. Improves skin tightness and wrinkles.

Kybella \$600/vial

KYBELLA® is administered as a series of injections to the treatment area under the chin, destroying fat cells and producing gradual results. The number of treatment sessions will vary based on the amount of fat under the chin and your treatment goals.

LASER TREATMENTS

Fotona4D® \$600 & up

A unique laser combination dedicated to non-surgical face lifting treatments. This treatment provides an immediate tightness and freshness, a more youthful texture of skin, 6 months of continuing improvement, and an investment in skin quality.

Laser Hair Removal \$100 & up

This treatment is a quick, efficient and virtually painless procedure. We use the Fotona's SP Dynamis laser to effectively remove unwanted hair.

TightSculpting® \$375 & up

This unique treatment uses the Fotona Laser to gently heat the target tissue, remodeling and rejuvenating the surrounding tissue. This is a unique, non-invasive treatment that combines two procedures in one; skin tightening and sculpting.

Spider Vein Therapy \$300 & up

A safe and effective way to remove spider veins without injections or chemicals.

Laser Tattoo Removal \$100 and up

FracTAT® tattoo removal treatment, creates micro-holes that are drilled into the skin using a high energy fractional ablative laser. The micro-holes act as relief ducts that enable gasses formed in the tattoo removal step to escape and enable more efficient pigment destruction and tattoo clearance.

Stretch Mark Treatment \$475 & up

Using the Fotona SP Dynamis laser, we use two wavelengths to penetrate into the deep layers of the skin to remold and tighten the skin.

Active Acne/Scarring Treatment \$125 & up

Using the laser, this treatment is used to target active acne and acne scarring.

Female Rejuvenation \$1,800 & up

By consultation only.
Helps with incontinence, and vaginal tightening.

Hair Restart \$150

An effective treatment to awaken dormant hair follicles by using the Fotona SP Dynamis laser.

Laser Pain Therapy \$125

This treatment provides healing, increased circulation, and decreased swelling. Results can be seen within the first treatment, but a series is generally recommended.

SKIN REJUVENATION

Signature Facial \$105

This signature facial is a relaxing 60 minute experience that includes a double cleanse, skin analysis, and an exfoliating treatment with steam. Extractions are performed if needed. A customized mask is then applied, followed with a facial, neck and shoulder massage for an ultimate R & R moment. A calming serum is applied, moisturizer, sunscreen, and lip hydration. Dermaplaning, Microdermabrasion and Red Light Therapy can be added to this treatment.

Signature Facial Express \$85

This 40 minute facial provides the essentials for those on the go. This effective treatment includes deep pore cleanse, exfoliation, custom mask, and is completed with a full firming eye serum, moisturizer and SPF.

Redness/Rosacea Facial \$135

This multifaceted treatment provides anti-inflammatory, anti-acne and antibacterial action, making it an excellent choice for helping to calm rosacea, as redness and inflammation can subside substantially after treatment.

Acne/Congestion Facial \$65-\$125

This treatment combats the triggers of acne, such as excess oil production, a buildup of dead cells, obstructed pores, and acne-causing bacteria.

Cosmelan Peel \$1,300

Prodigy Peel \$150 & up

These chemical peels target multiple skin concerns ranging from mild to moderate aging, mild acne, and pigment irregularities.

SkinCeuticals Micro-Peels

\$95 w/o Dermaplaning \$135 w/Dermaplaning

KrX LaZer Peel \$105

Add-Ons

Dermaplaning \$20

Microdermabrasion \$20

Red Light Therapy \$20

OTHER SERVICES

Microneedling \$245 & up

This procedure can be used with or without platelet rich fibrin injections. There are benefits with using your own PRF such as; healing factors, boosting your own collagen, and elastin.
